We want to give you all an update on the Vegetarian Festival and what our group will be doing for the event! First of all, very exciting news, we have our own banner! The picture is below and it will be hanging at our table and we can use it for all future events! Also, we are offering event goers all kinds of freebies to sign up for our mailing list! A wonderful animal rights supporter and [Etsy artist](#) gave us a discount on animal rights buttons and we will have over a 100 varying designs available. Members are welcome to grab one as well! We will have various bumper stickers and regular stickers, a board with pictures of our past events, some of the posters we have used in protests, and all kinds of information to share on animal testing, horse slaughter, fur, the egg industry, the circus and much MUCH more!

The Vegetarian Festival is Saturday, June 18th from noon to 6:00 pm at [Bryan Park](#) in Richmond.

Details can be found here:

<http://www.veggiefest.org/>

We are asking you to volunteer at our table in 1 hour shifts so you can also enjoy the festival (tons of free samples, music, new foods and animals for adoption). At the table you will hand out materials and answer questions about the group or general animal rights issues and encourage people to sign up for our email list. We will have several people at the table at a time and Jackie plans to be there the entire time. Please let us know at

richmondfriendsofanimals@gmail.com

if you can table any of these shifts:

noon-1:00 pm

1:00-2:00 pm

2:00-3:00 pm

3:00-4:00 pm

5:00-6:00 pm

Also, the organizers are desperate for general volunteers to help out the day before (Friday) for set up, and volunteers the morning of the festival and as needed. Please email us if you can help out and Jackie can put you in touch with organizers.

A huge thank you in advance! This is a great event for us to spread our message and expand our group and to celebrate the amazing food, the humane lifestyle and the camaraderie of being vegetarian and vegan!
